

STATEMENT OF WORK — TREE INSPECTION, TRIMMING & REMOVAL

1. SUMMARY

This Statement of Work (SOW) outlines the inspection, trimming and removal of trees as needed to be performed for Cambria Community Healthcare District (CCHD) facilities located behind 2511, 2515 and 2535 Main Street, Cambria, CA 93428. The contractor is to provide separate prices for required permits, tree trimming and removal as specified below. Contractor to obtain all required permits and County arborist inspections. Contractor to provide certificates of adequate liability insurance including Workers Compensation. Contractors to provide evidence of being properly licensed to perform the work as set forth in the Scope of this SOW.

2. PRICING

Prices must be submitted on a firm fixed price basis. Prices shall remain valid for 120 (one hundred twenty) calendar days. Separate prices shall be provided for all numbered Scope items (3.1, 3.2.1, 3.2.2, 3.2.3 and 3.3).

3. SCOPE

3.1. Coastal Live Oak

This tree is on the steep hillside directly behind the living units. The ground is unstable and there is some lean with heavy crown weight down hill. Remove large limbs on the downhill side to prevent possible damage to crew quarters.

3.2. Monterey Cypress on Covell Property

There is a line of Monterey Cypress above the crew quarters on the hillside. Obtain required permit and cut down to ground level two (2) large Cypress that lean toward the crew quarters. Safety trim on three (3) Cypress to reduce wind load and exposure. Remove and haul away all brush and leave logs in length on hillside perpendicular to grade to prevent from rolling down the hillside.

3.2.1 Permit.

3.2.2 Cut down two cypress, remove brush, leave logs on hillside.

3.2.3 Safety trimming on three cypress and haul away all brush.

3.3 Monterey Cypress at Bottom of Hillside

Safety prune off two to three (2-3) large limbs hanging over District property to prevent them from taking out power lines and perform adequate thinning to reduce wind friction.
